Dear Sir :

Enclosed in this mailing are supplemental to the response to the office action dated 09/16/2003 and mailed on December 15, 2003 for application number 09/630,272 filed on 08/01/2000 by the undersigned.

Please find within this mailing two (2) separate envelopes which contents it is believed will now place this application in a condition for allowance. The two envelopes contain:

1. Information Disclosure Statement by Applicant
2. Supplementary Ammendment

Within each envelope is a Credit Card payment authorization form. It is my belief that the supplementary amendment will create just one independent claim in excess of 3 by a small entity which fee according to 37 CFR 1.17(b) would be \$42. It is my belief that an information disclosure statement submitted after the first office action under 1.97 (c) would require a fee of \$180 at this time. It is also my belief that no further fees are due at this time. Should there be any fees due, I would like to have the Examiner or other agent of the US Patent and Trademark Office contact me so that I can fax a credit card authorization for payment form immediately. If the Examiner believes that personal communication will expedite the prosecution of this application for any reason, he is invited to fax or telephone me directly at any of the numbers provided.

Sincerely,

James L. Driessen, Pro Se Applicant
